

Supporting our NHS

HAVE YOU SIGNED UP FOR THE ELECTRONIC
PRESCRIPTION SERVICE (EPS) FOR YOUR
STOMA AND/OR CONTINENCE APPLIANCES?

In England, the Department of Health introduced the NHS Electronic Prescription Service to streamline the processing of prescriptions.

Unlike paper prescriptions, EPS saves time at your GP practice by electronically sending them to the nominated dispenser of your choice e.g. Medilink. It is a secure system which enables dispensers to quickly receive and dispense your prescribed appliances.

HOW DOES IT WORK?

Firstly nominate your chosen dispenser e.g. Medilink.

Then, any prescriptions for your appliances will automatically be received electronically by us. We will then dispense the prescription and deliver to you in the usual way. **Easy.**

WHAT YOU NEED TO DO NEXT?

If you wish Medilink to dispense your prescription appliances then please let us know and we will do the rest for you.

If at any time you decide that you no longer want your prescriptions sent electronically or want to use an alternative dispensing service, we will update our records accordingly.

WANT TO KNOW MORE?

Call 0800 626388 and our fully trained, friendly staff will answer any questions you may have.

*Supporting you every step of the way
because you deserve exceptional service*
